UNIIQ - Mineral solid sink - 600/800/900/1200

Certifications

- CE Marking
- Declaration of Performance (DoP)
- ECV - Raw material of plant-based origin
- ECV - Raw material from renewable sources

Finish

White

Technical Characteristics

_Basin manufacturing (15 mm):
Basins manufactured in Mineral Solid: Compound material made of natural mineral loads and resin. Covered with an opaque aesthetic effect coating. This coating combines excellent strength characteristics with complete surface re-establishment.

Packaging dimensions and weight

	600	800	900	1200
Lenght (mm)	645	845	945	1245
Depth (mm)	520			
Height (mm)	225			
Net weight (kg)	13,4	13,6	13,9	18,9
Gross weight (kg)	15	15,1	15,6	21,5
